

Stories of the fourth “Step by Step” magazine in December

The main topic of the fourth “Step by Step” magazine is the care for elderly based on the model of European experience and values.

The first story is from Subotica:

Why is every floor painted in different color in the retirement home called “Mulberry Forest” from Subotica and how has the Gerontology Center from this town qualified for the membership in the European social network, as the only such institution in the Association outside the European Union.

The second story comes from Knjazevac:

The seniors, who live alone, like granny Ljubica from village Crvenje in Knjazevac municipality, are cared by a mobile team of the Social Center. A home nurse and superintendant clean up the yard and around the house, prepare food, with faucet or TV repairs...

The third story is from Belgrade:

What has motivated the senior citizen Vojka Srebric to go to the Cukarica Cultural Centre twice a week and what possibilities for an active life of people of her age offers a network called University of the Third Age?
